Vendor 4 — CloudAxis Digital

Position

Almost perfect — but slightly over budget

Proposal

CloudAxis offers an enterprise customer support platform with omnichannel communication, advanced analytics, workflow automation, REST API, webhooks, SSO and enterprise reporting.

Implementation

6 weeks

Pricing

Component	**Amount**
Subscription	₹5,50,000
Implementation	₹2,00,000
Integration	₹1,20,000
Training	₹40,000
Year 1 Total	**₹9,10,000**

However, the proposal also includes:

"Mandatory premium support package: ₹1,20,000 annually."

Therefore:

Effective Year 1 Cost = ₹10,30,000

Support

36 months

API

API integration is explicitly included.

SLA

99.9% guaranteed monthly availability.

Critical incident response:

30 minutes

Additional Risk

The vendor requires a **three-year minimum contract**.

Early termination incurs:

"50% of remaining subscription fees."

Expected characteristics

- Base price: ✅ Under budget
- Actual mandatory cost: ❌ **Over budget**
- Timeline: ✅ PASS
- Support: ✅ PASS
- API: ✅ PASS
- SLA: ✅ PASS
- Technical Fit: Very High
- Contract Risk: High

🔥 **Edge case**

This is one of the most important tests.

Your system must detect the difference between:

Displayed price: ₹9.10L

and

Mandatory effective price: ₹10.30L
