

Proposal: Customer Support Platform

Submitted by: QuickServe Solutions

March 2026

Overview

QuickServe Solutions offers an affordable customer support solution suitable for growing businesses. This document outlines our commercial and technical offer.

Pricing

Total Cost: Rs. 6,50,000 for the full project.

Recurring Cost: Rs. 30,000 per month.

Note: Additional charges may apply for extra user seats beyond the initial 20 agents, and pricing is subject to change annually based on our standard rate card.

Payment Terms: 50% upfront, 50% on delivery.

Timeline

Our estimated implementation timeline is 12 weeks, depending on the complexity of your existing systems and data volume. Delays due to client-side dependencies are common and may extend this further.

Support

We provide 3 months of complimentary support after go-live. Extended support plans are available at an additional cost of Rs. 15,000/month.

Our team makes a best effort to respond to support tickets within 2 business days; however, we do not currently offer a formal SLA with guaranteed response times.

Features

- Basic ticketing system
- Email support channel
- Simple reporting dashboard

Our platform does not currently support direct REST API integration with external systems; this is on our product roadmap for a future release.

Compliance

QuickServe Solutions is currently in the process of applying for ISO 27001 certification, which we expect to receive within the next 12-18 months. We have not yet completed a formal GDPR compliance assessment.

Terms & Conditions

This agreement automatically renews annually unless cancelled in writing 30 days prior to the renewal date. All payments made under this agreement are non-refundable.

Exclusions: Data migration from legacy systems, custom report development, and after-hours support are not included and will be quoted separately upon request.
